

Trail Posting Template

Instructions

Thank you for helping develop new trail listings for *Connecticut Trail Finder*! The purpose of this *Trail Posting Template* is to help you compile your trail information and knowledge according to the organizational structure that will be used for all trail listings on the website.

Please use the free software program, **Adobe Acrobat Reader**, to enter in your information using convenient check- and text-boxes. The file can then be emailed to trails@uconn.edu.

Trail Abstract: *Limit to one sentence (250 characters max)*

Trailhead Directions:

Trail Description:

Additional Information:

Images

Please attach 2-3 photos of the trail to your email. In particular, think about including photos of noteworthy sights along the trail, a photo of the typical trail conditions and photos that might help users locate the trailhead.

Please also attach image files of logos for all applicable trail and land managers.
